

A Bad Condition of Liver and Stomach

Chronic indigestion and bowel trouble which is overcome quickly by Dr. CHASE'S KIDNEY AND LIVER PILLS.

To the person with liver and stomach troubles everything looks blue and life is scarcely worth living.

How different he feels even after the first dose of Dr. Chase's Kidney and Liver Pills. There is no doubt that the stomach feels so quickly and thoroughly cleansed a change in the food and the bowels in healthful and regular action.

What tired, languid feelings after meals, when the process of digestion is going on. What annoyance from belching wind, pressure of gas on the stomach. What a miserable, nervous feeling comes over mind and body.

And yet how easy it is to change all this by the use of this medicine of well-known and decidedly remarkable value.

You are not making any experiment when you use Dr. Chase's Kidney and Liver Pills for liver, stomach and bowels. You are simply getting your money's worth.

You will not wonder why some people are so enthusiastic when they talk about Dr. Chase's Kidney and Liver Pills.

Mr. James Lawrence, West Toronto, writes: "I have great confidence in Dr. Chase's Kidney and Liver Pills. I have used them for a long time and I feel that they have saved my life. I was a great sufferer from chronic dyspepsia and indigestion and everything I ate seemed to go wrong. I have used two boxes of Dr. Chase's Kidney and Liver Pills and now I feel like a new man."

My husband was cured of liver complaint by using these pills and we would not think of being without them in the house.

Dr. Chase's Kidney and Liver Pills will cure you. It costs a box, all druggists or J. B. Johnson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Book.

KING AND PARLIAMENT

When His Majesty Has to Do After an Election.

The first thing a reigning sovereign does in Great Britain, after the declaration of the result of an election, is to select his Privy Council.

It is the first step in the process of forming a new government. The monarch's power is not absolute, but he is the fountainhead of executive authority.

His Majesty's power is not absolute, but he is the fountainhead of executive authority.

His Majesty's power is not absolute, but he is the fountainhead of executive authority.

His Majesty's power is not absolute, but he is the fountainhead of executive authority.

His Majesty's power is not absolute, but he is the fountainhead of executive authority.

Remember the Name!

It's easy to get what you don't want in this world—coughs, colds, throat troubles, asthma, for instance. It's easier still to get the remedy you don't want unless you remember the name of the doctor who gave it to you.

Then you're safe, then you have the genuine. Take a subscription to the *Shilden's Cure* for 40 years.

BUS LAND OFFICE AT BASSANO

The suggestion made by the Bassano board of trade at its last meeting that the government establish a land office at Bassano is one that should be put into effect. There is no point along the main C. P. R. line between Calgary and Medicine Hat where more home seekers wait headquarters than here. It is considerable of a hardship on settlers who wish to file to be compelled to go to Calgary to do so. It will be a still larger tax on them when they have to prove up, for the reason that they will have to take witnesses with them and pay their travelling and other expense, which involves a considerable expenditure on men who are in most instances, making homes in a new country and who often have but few dollars to spare. The government owes it to itself, and to the people it has invited here to take up homes, to make it as inexpensive as possible to obtain a foothold on the soil.

Then, too, the varied reasons for obtaining the great process of business is overworked and is unable to transact the business as expeditiously as it should and settlers are compelled to deal with the office expense sometimes for days before they are given an opportunity of settling their claims.

Main line should be sufficient in itself for the government to lessen the pressure at Calgary by establishing and maintaining a sub-land office in this city. The matter is so urgent, so imperative and so possible to have the immediate attention of the government and its betterment measure desired by settlers and the people of Bassano. The government has been considerable in supplying tents, provided with sleeping and cooking accommodations, and in furnishing land guides. It should also show its generosity to the men who are settling their homes on the land and who are doing so much for the material welfare of the country by making it easier for them to file and prove up on their homesteads and pre-emption.

ACCEPTANCE OF CANADIAN MONEY AT PAR

Portland Ore. banks have decided to accept Canadian currency of all denominations at par. This will mean that merchants generally will take Canadian money at its face value. Nothing like this has ever before been done here. Canadian banks and places, because of their similarity to the United States, have always insisted there is no cash in the latter than the pieces of larger denomination and that the smaller pieces are counterfeits and should be rejected.

This is as it should be for American money, metal as well as paper, is accepted at par in Canada, and the good turn deserves another. The Canadian chartered banks have offices in Seattle, Spokane and Spokane, and they have been known to discount their own notes when brought in to them by patrons. As the banks took off a per cent. from Canadian notes others were compelled to do likewise and naturally so the money was sold keepers and others adopted the habit. Such a volume of business is being transacted between Canada and the United States that the banks of Portland have come to the conclusion that Canadian money is worth just as much as United States money and are accepting it at 100 cents on the dollar. Doubtless the banks in Seattle, Spokane and other American cities will follow the example of Portland.

A GOOD RECOMMENDATION

Mr. Von Orsdale, superintendent of the Canadian Development Co., says:

"The Massey-Harris Disc Harrow is more durable and does better work than any disc I ever saw."

Secure one from

HERBERT S. JOHNSON,
The Massey-Harris Agent at Bassano.

Yards at Bassano and Brooks

Estimates Given on Materials for
Buildings of Every Description

R. J. COLEMAN,

Manager Bassano Yard.

Bassano is growing by leaps and bounds and is certainly destined to be a place of considerable importance. With this fact in consideration, the request made by the board of trade at its last meeting that the C. P. R. make its night trains to stop here seems to be a very reasonable one and one that should be quickly granted by the powers that be in the railway. Co. This would add one more favor to the many that have been granted to Bassano by the C. P. R.

Scientists claim that if they can find a single bone, or even see the tracks, made by the large ancient animals that are now extinct, that they can make a fair estimate of its entire body and its habits. The big traction pulleys and attempt to reproduce fair studies of that which made them, it seems to us that they will turn out a fairly and wonderfully made thing, which will resemble a traction engine less than anything else.

As Others See Us

Morning Albertian, Calgary.—"The first number of the Bassano News, published by W. B. Cameron, has been received. It is a bright, well printed paper, giving a great deal of information in regard to Bassano and its surroundings, and is well patronized in the way of advertising by local business men."

Edinburgh Daily Herald.—"W. B. Cameron, the editor and proprietor of the News, is a fine young man, a paper at Bassano on the C. P. R. line between Calgary and Medicine Hat. The journalists of Southern Alberta welcome him as such a good newspaper man in his midst. It will grow much faster. The Herald wishes Mr. Cameron every success in his new enterprise."

Calgary Daily News.—"The Daily News welcomes the Bassano News to its list of exchanges. Bassano is now the proud possessor of a good, live newspaper. W. B. Cameron, the News of that thriving town will let them know every week that 'A' is a 'B' and 'B' is a 'C' and 'C' is a 'D' and 'D' is a 'E' and 'E' is a 'F' and 'F' is a 'G' and 'G' is a 'H' and 'H' is BASSANO BRIEFS

James Ekhardt, of Nanton, arrived here on Tuesday of last week with a station wagon he afterwards took to the Diamond ranch, in the first line River section. Mr. Ekhardt is foreman of the Diamond ranch.

Ira H. Shoop has removed his office building and a from east of C. Harris & Co.'s office next to his store on Second Avenue. These scales are used by the public for weighing hay, coal and grain.

Dr. Wade, of Calgary, was in the city early in the week. He left here for the purpose of visiting a ranch owned by himself and son northwest of the city.

John Smith purchased the lumber a few days since for a large building, barn, tank house and ferry house to be built at the ferry on the River. The improvements will cost about \$3,000.

D. Bennett, of High River, bought the material from the Crown Lumber Co. for a 16 by 18 feet residence which he is putting up on land purchased from the Canadian Pacific southeast of Bassano.

A. J. Robertson, of Robertson & Fegley, returned on Tuesday from a few days' stay in N. Mon. He reports that plowing and sowing is making good progress and that a large area will be under cultivation this year.

The young men of the city frequently practice ball throwing on the public streets and lots of interest there is some good baseball talent among them. Bassano has a first class baseball team and most Strathmore and other teams along the main line. Baseball is a popular and interesting amusement and one that always draws large and good crowds when it is played.

Little Donald Gordon MacGregor, son of Mr. and Mrs. A. J. MacGregor, is in receipt of a present from the Melrose Wagon Co. of which his father is the local agent. The gift is in the shape of a fine miniature wagon, a duplicate, except in size, of the term wagons made by the Co., being nearly and strongly rounded and painted the same as the bigger ones are. The little lad is proud of his present.

A valuable horse belonging to Hobbs & McLean strayed away on Tuesday of last week. He was in full harness and the firm thought for several days that they were out, not only a horse but also a harness. On Wednesday of this week a rancher, who resides about 30 miles from the city reported that he had found the horse. The harness was still on him and he was none the worse for his outing.

A few days since A. J. Davidson unloaded a 20-horse power gasoline traction engine from the cars and spent two or three days in learning to operate it before he took it to his farm north of the Red Deer river. It came from the factory at Bradford, Ont., and has a capacity of five plows. It is about the right size for the one man drive to handle, a combination of steam, city addition or riding on one or two wheels with the other two could do some breaking for his neighbors.

F. Pritchard has removed the Bassano Cafe from Second Avenue, opposite the News office, to one lot west of Robinson's hardware store on the same avenue. He has put in a floor of felt and is serving both orders as well as keeping regular boarders. The Bowman-Shine Lumber Co. has large lumber yards on Second Avenue east. The insurance companies listed on this, as it keeps those who have business out of the yards and lessens the danger from fire.

John Whyte, of Dundas, Scotland, arrived in the city early in the week and has accepted the place of bookkeeper with the Bowman-Shine Lumber Co. Coleman, the manager, found that he could not manage the company's business and also attend to the bookkeeping, as the demand for labor is so great that his time is fully occupied outside of the office.

Fred Whistler's barbering business is growing rapidly and in order to be comfortable it he has added to his establishment a third chair and in a short time he will put in a fourth chair.

J. Bassano is building a new hotel at Charlton. The hotel will contain thirty rooms and will be a two-story frame building, 34 x 115 feet. The name of the hotel will be the Great West Hotel.

TOOK MOVING PICTURES OF TRAIN

First Batch of Immigrants from Great Britain Passes Through Bassano.

Moving pictures were taken of a train that arrived here from the west on Tuesday afternoon at 5 o'clock, on route for Calgary, and they will be exhibited in the future. The train contained 170 immigrants from Great Britain and were under the escort of a large army of immigrants that are coming here to settle on irrigated land. The train was early decorated with flags and presented an animated appearance as it drew into the station, while the occupants crowded on the platforms to get a good view of the immigrants of the imported land.

There were a number of the officials of the Canadian Pacific Irrigation Colonization Co. on board, including H. H. Hovans, manager of the sales department; Ole Kirkwood, assistant sales manager; C. Peterson, head of the agency department.

A Publisher of Tracts

W. R. Banner, Bible book and tract publisher of Grille, Ont., and son, called at the News office on Friday. He has three sons, one of whom is now in the army. He has been taking up land in the Red Deer River region and he is now in the process of visiting them and seeing how they are getting on. Banner left early in the morning, the products of his pen, at the News office, which were afterwards read with much interest. It is certain, too, that the period of the tract is a considerable one.

Sold Liquor to Indians

Last week Constable Beaman discovered that some men of the city from the Blackfoot reservation were interested and inclined to be quarrelsome. He questioned the men as to where they were taking the liquor. He was told that they were taking it to the Indians who consumed the liquor. He was told that they were taking it to the Indians who consumed the liquor. He was told that they were taking it to the Indians who consumed the liquor.

What Hustlers Can Do

The reason why some towns grow is because there are men of real energy in it who are not afraid to spend time and money to boom their town. They erect substantial buildings, organize stock companies and establish factories, secure railroad work for public improvements and use every means in their power to induce people to locate in their city. Whenever they get the full of the advantages of their town, they write about them in every letter, they send circulars and newspapers tell them of their own good to put the city and other towns to sleep. They tell him so kindly that he falls in love with them and their city at once. It is enterprise and eye goes pulling together that makes a progressive town, and don't let the fact escape your memory.

Anglican Services Held

Rev. H. W. Hildes, minister of the Church of England, held services in Prince's hall at 11 o'clock on Monday last at which there was holy communion and a sermon. He will return to Bassano and hold services here on Sunday, April 24th. The assistance of the Anglican church in endeavoring to secure a clergyman to take charge of its work along the main line of the C. P. R. in the vicinity, east of Gleichen and his field would include Gleichen, Bassano and Brooks, but find it difficult to do so as there are none at present available.

Trout Season Has Begun

The open season for trout began on April 1st, but so far as could be ascertained by the residents of Bassano whithered streams for the purpose of catching the spotted beauties. The reason for this is that the people here are too busy training business and building houses to think of fishing. Local lovers say that there is fairly good fishing in the Red Deer and Bow rivers, and in the smaller streams that empty into them. They say that they will later in the season have tries for trout in these streams.
